

# Where Is God?

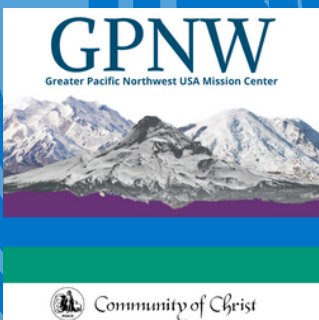

All elementary kids (grades K-5) are invited to an afternoon of playing with spiritual practices as we learn more about God together. In partnership with Fae Jackson's Labyrinth ministry, we'll spend our time learning different ways to interact with God and how to find God in the world around us.

You're invited, too!

Not only can you come and experience spiritual practices with your children, adults will also have an opportunity to walk a labyrinth on their own and get ideas for how all of our congregations can be more inclusive of all ages.
